# CHS Green Team

- Miranda Frausto – Student Leader
- Elizabeth Baach – Student Leader
- Kara House – Green Staff Liaison
- MaryEllen St. Angelo – Parent Representative
- Marcia Roberts – CCS Green Team Chair

LESS

WASTE

CCS  
GREEN  
TEAM

# Say Yes to Less: PAPER

**FACT: CHS uses  
over 20 million  
sheets of paper  
each school year!**

**This is  
equivalent  
to 250  
large  
trees!**

# WHAT CAN YOU DO?

- Use both sides
- Print only what you need
- Use electronic assignments
- Decrease margins and spacing
- Reuse paper
- Use class copies
- Use half sheets
- Think before you print

**Say Yes to Less:**  
**ENERGY**

**FACT: A typical CHS  
classroom uses  
about 800 kWh of  
electricity for  
lighting each year.**

**Turning off the lights at lunch  
can save over \$1000 and  
2000 pounds of CO<sub>2</sub>  
(the amount captured by over  
7 acres of trees each year).**

# WHAT CAN YOU DO?

- Turn off lights at lunch
- Turn off lights after school
- Turn off lights in unoccupied rooms
- Turn off projectors, computers, and other electronics after school
- Dim screens
- Use sleep mode

**What about  
recycling?**

**First**  
**SAY YES TO LESS.**

**Then**  
**RECYCLE**  
**what you use.**

**In your classroom,  
recycle all paper.  
Each SRT, have a  
student dump paper in  
the large containers in  
department offices.**

**In the hallway blue bins,  
recycle everything  
(paper, plastic, aluminum, etc.)**

**Use recycling  
containers at  
events when  
available.**

# On the Radar

- Recycling
- Reusable water bottles
- Reducing plastic
- Green competition/awards
- Holiday lights recycling
- Reducing food waste
- Greening the cafeteria
